Legacy, Tradition and Taste

The concept was to bear the resemblance of two strong cultural identities with their very own lifestyle, beliefs and customs Mezemiso had to explicit...

Although Japan and Lebanon look totally different, they are somehow connected by the special attention they give to their land therefore, crops rich in flavour and herbs full of aromas.

Based on history and legends, travel and wonders, tradition and new age these identities eloped!

For your pleasure, chefs collaborated to create our unique recipes by combining trademark ingredients from both cultures in order to serve beautifully crafted plates.
